SUPPLEMENTARY INFORMATION:

I. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the Federal Motor Carrier Safety Regulations (FMCSRs) for a two-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” The statute also allows the Agency to renew exemptions at the end of the two-year period. The three individuals listed in this notice have requested an exemption from 49 CFR 391.41(b)(4), which applies to drivers who operates CMVs in interstate commerce. Accordingly, the Agency will evaluate the qualifications of each applicant to determine whether granting the exemption will achieve the required level of safety mandated by statute.

The physical qualification standard found in 49 CFR 391.41(b)(4) states that a person is physically qualified to drive a CMV if that person

Has no current clinical diagnosis of myocardial infarction, angina pectoris, coronary insufficiency, thrombosis, or any other cardiovascular disease of a variety known to be accompanied by syncope, dyspnea, collapse, or congestive cardiac failure.

In addition to the regulations, FMCSA has published advisory criteria¹ to assist medical examiners in determining whether drivers with certain medical conditions are qualified to operate a CMV in interstate commerce. [49 CFR part 391, APPENDIX A TO PART 391—MEDICAL ADVISORY CRITERIA, section *D. Cardiovascular: §*

391.41(b)(4), paragraph 4.] The advisory criteria states that ICDs are disqualifying due to risk of syncope.

Qualifications of Applicants

Gary Fancher

Mr. Fancher is a 73 year old Class A CDL holder in Arkansas. A May 2016 cardiologist report indicates that Mr. Fancher's biventricular ICD was implanted in December 2015 and "since then he has done great making remarkable progress". "His EF (ejection fraction) has nearly normalized with optimal medication therapy and bi-V ICD optimization to currently 45%." "Patient denies syncope, pre-syncope, chest pain, shortness of breath." "His exercise capability has been totally normalized."

Henry McGuire

Mr. McGuire is a 61 year old Class A CDL holder in Washington State. An April 2016 report from Mr. McGuire's cardiologist indicates that his ICD was implanted in 2001 and "since following him (Mr. McGuire) believes since implant he has never had a shock or ATP therapy". Mr. McGuire received an intrastate medical waiver by the State of Washington that expires in April 2017.

Matthew Wilson

Mr. Wilson is a 37 year old commercial motor vehicle driver in Florida. An August 2016 letter from his cardiologist indicates that Mr. Wilson's ICD was implanted in June 2014 and that "this ICD device has never deployed and was implanted as a precautionary due to Mr. Wilson's past history". Mr. Wilson is currently stable from heart failure standpoint".

II. Request for Comments

In accordance with 49 U.S.C. 31136(e) and 31315, FMCSA requests public comment from all interested persons on the exemption petitions described in this notice. We will consider all comments received before the close of business on the closing date indicated in the date section of the notice.

III. Submitting Comments

You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an e-mail address, or a phone number in the body of your document so that FMCSA can contact you if there are questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov> and in the search box insert the docket number “FMCSA-2016-0353” and click the search button. When the new screen appears, click on the blue “Comment Now!” button on the right hand side of the page. On the new page, enter information required including the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope.

We will consider all comments and materials received during the comment period. FMCSA may issue a final determination any time after the close of the comment period.
